The Intermediate-Term Portfolio's investment strategy is based on a highly diversified portfolio of assets with a keen awareness of risk and return. This balanced approach, consistently executed, reconciles the market's often volatile nature, with our focus on long-term, steady growth over decades.

Maintaining diversification through investing in a mix of assets (stocks, bonds, and cash) is an important part of achieving our long-term return objectives.

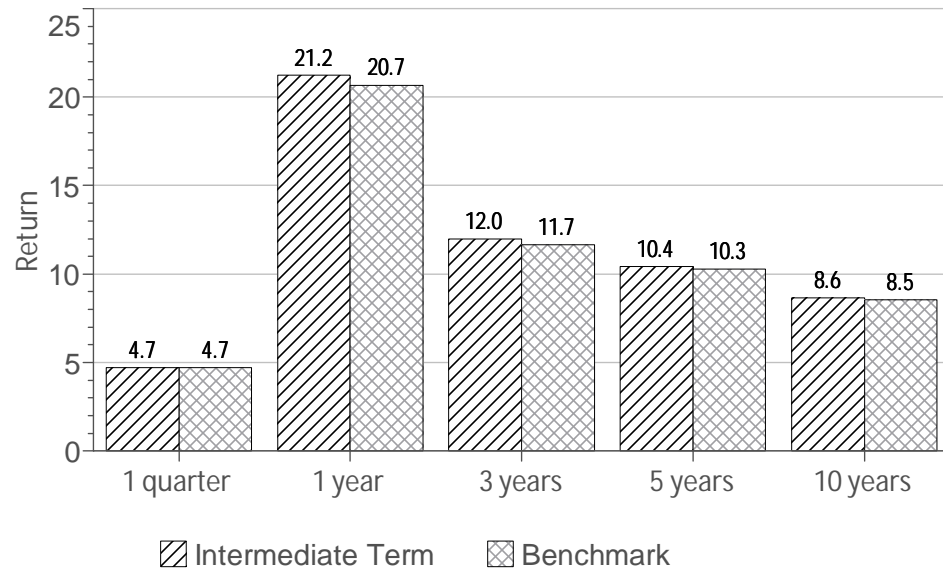

We utilize broadly-diversified, low-cost index solutions to gain access to most capital markets.
