Independent Auditor's Report

To the Trustees of Community Foundation of Western Massachusetts

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Community Foundation of Western Massachusetts, which comprise the statements of financial position as of March 31, 2022, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Community Foundation of Western Massachusetts as of March 31, 2022 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Foundation of Western Massachusetts and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of Western Massachusetts's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Foundation of Western Massachusetts's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of Western Massachusetts's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Community Foundation of Western Massachusetts's 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 20, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended March 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

1. NATURE OF OPERATIONS:

The Community Foundation of Western Massachusetts (the "Foundation") was established by a trust instrument effective November 15, 1990. The Foundation is a nonprofit Foundation, which administers and distributes funds to worthy organizations, students and causes throughout Hampden, Hampshire and Franklin Counties. The Foundation's programs are supported primarily by contributions and investment returns.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Comparative information

The financial statements include certain prior year summarized comparative information shown in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended March 31, 2021, from which the summarized information was derived.

Method of accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting. Accordingly, assets are recorded when the Foundation obtains the rights of ownership or is entitled to claims for receipt and liabilities are recorded when the obligation is incurred.

Net assets

The Foundation presents information regarding its financial position and activities according to two classifications of net assets described as follows:

<u>Net assets without donor restrictions</u> - Resources include donor-advised funds and all resources over which the governing board has discretionary control. The governing board of the Foundation may elect to designate such resources for specific purposes. This designation may be removed at the board's discretion.

<u>Net assets with donor restrictions</u> - Resources accumulated through donations or grants for specific operating or capital purposes. Such resources will become unrestricted when the requirements of the donor or grantee have been satisfied through expenditure for the specified purpose or program or by the passage of time. This category includes those funds which allow the Foundation to adhere to its current spending policy. Net assets with donor restrictions also include assets which are intended to be held in perpetuity, and the related accumulated unspent appreciation and earnings on such funds. Investment income may be either an unrestricted or temporarily restricted resource when earned, determined according to the gift instruments. The Foundation utilizes a total return concept for payout as described in the investment policies and procedures.

Cash and money market funds

The Foundation considers all short-term investments with an original maturity date of 90 days or less to be cash and money market funds (a cash equivalent). Cash equivalents at March 31, 2022 and 2021 was \$2,215,043 and \$1,983,816, respectively.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Loans receivable

As part of their mission, the Foundation advances loans to eligible students. These loans are unsecured and recorded at amortized cost less a reserve for uncollectible balances. The collection of these loans begins 90 days after the student has graduated, at which time regular payments are made for up to five years. These loans are non-interest bearing. An allowance for doubtful accounts is recorded based upon management's evaluation of the collectability of individual student accounts (Note 7). The Foundation considers any account which has stopped regular payment as past due and is written off only after all methods of collection have been exhausted. Bad debts, including the change in the allowance for doubtful accounts, for the years ending March 31, 2022 and 2021 were \$2,401 and \$12,516, respectively. The Foundation paid fees to assist with the administration of these loans of \$39,133 in 2022 and \$52,175 in 2021.

Investments including endowments

Investments are stated at fair value using methodologies discussed in Notes 4 and 5. Gains and losses that result from market fluctuations are recognized in the period such fluctuations occur. Realized gains and losses resulting from sales or maturities are calculated on a specific identification basis. Investment activity is reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is at least reasonably possible that changes in these risks could materially affect the fair value of investments and related activity reported on the financial statements.

The Foundation's investments also include limited partnership interests in private equity hedge funds and certain other funds ("Funds") whose underlying investments are comprised of other funds and partnerships. These Funds make investments that include both publicly traded investments as well as others that do not have readily ascertainable market values. Certain interests may be subject to withdrawal restrictions. The underlying investments within these funds primarily include private equity, venture capital, distressed companies, oil and gas, timber and real estate.

The managers of the Funds that hold certain non-marketable investments initially value these investments at cost. They require that changes in value be established by meaningful third-party transaction or a significant development in the financial condition or operating performance of the issuer. To the extent that the Funds hold marketable securities in the underlying partnerships or funds, the managers of the Funds value the investments in these funds based upon the quoted market values as provided by the managers or fund managers of the Funds. The Foundation values its investments in such Funds in accordance with valuations provided by the managers of the Funds. The Foundation's management may, in addition, consider other factors in assessing the fair value of these investments.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investments including endowments (continued)

The Foundation manages its investment portfolio in a manner consistent with the Massachusetts Uniform Prudent Management of Institutional Funds Act ("MPMIFA"). MPMIFA allows prudent appropriation of the total return on donor restricted endowment funds taking into consideration the Foundation's long and short-term needs, present and anticipated financial requirements, expected future total return on its investments, price level trends and general economic conditions. The Trustees have authorized a spending policy based on 4.25% of a trailing thirteen-quarter rolling market value of these funds. This policy is designed to preserve the value of donor restricted endowment funds in real terms (after inflation) and provide a predictable flow of funds to support operations. Although not required by state law, the same spending policy is followed for the donor restricted purpose funds. For the years ended March 31, 2022 and 2021, the Foundation had approximately \$5,316,450 and \$5,175,900, respectively, of this return available for spending, of which the Foundation utilized \$5,100,270 and \$4,733,268, respectively.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed on a straightline basis over the estimated useful lives of the respective assets ranging from 3-10 years. Maintenance and repairs are charged to expense as incurred.

The Foundation follows the policy of capitalizing property that costs more than \$5,000.

Liabilities under unitrust agreements

Assets held in charitable trusts and charitable gift annuities are recorded as follows:

<u>Charitable trusts</u> - the Foundation serves as trustee for various charitable remainder trusts. Under the terms of these agreements, the Foundation makes distributions to income beneficiaries for a given term or the life of the beneficiaries. At the end of the term, or upon the death of the income beneficiaries, assets remaining in the trust will be transferred to the Foundation. The Foundation records the assets held in these trusts at their fair value based on current quoted market values and records a liability for the respective agreements at the estimated discounted value of the amounts due to the income beneficiaries based on Internal Revenue Service group annuity tables. The present value of payments to beneficiaries under these agreements is calculated using discount rates representing risk-free rates in existence at the date of the gift. Gains or losses resulting from changes in the value of split interest agreements are recorded in the statement of activities.

<u>Charitable gift annuities</u> - Donors have contributed assets to the Foundation in exchange for a promise by the Foundation to pay a fixed amount for a specified period of time to the donor or to individuals designated by the donor. Under the terms of such agreements, no trust exists, as the assets received are held by and the liability is an obligation of the Foundation. The present value of payments to beneficiaries under these agreements is calculated using discount rates representing risk-free rates in existence at the date of the gift.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Agency funds

The Foundation accepts contributions from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. If a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself as the beneficiary of that fund, that community foundation must account for the transfer of such assets as a liability rather than as a contribution.

Contributions

The Foundation reports unconditional promises to give as revenue when the promise is received. Conditional promises to give are recognized as revenue when the condition is met. Contributions received are recorded as with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period have been reported as support increasing net assets without donor restrictions in the statement of activities. Contributions of assets other than cash are recorded at their fair value on the date of the gift.

Grants paid

Grants are recorded as expense and accrued as a liability when approved by the Distribution Committee. Conditional grants are expensed when the specific conditions are met. Grants payable were \$1,012,413 and \$8,000 at March 31, 2022 and 2021, respectively. There are no conditional grants at March 31, 2022.

Income taxes

The Foundation is a nonprofit organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and is classified as an organization that is not a private foundation as defined in Section 509(a) of the Internal Revenue Code. The Foundation monitors its activities, and it considers the potential for income taxes if any activities are not related to its exempt purpose.

Uncertain tax positions

Professional accounting standards provide detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements. They require an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. A tax position is deemed to include such things as the Foundation's tax-exempt status.

Management has evaluated significant tax positions against the criteria established by professional standards and believes there are no such tax positions requiring accounting recognition. The Foundation's tax returns are subject to examination by taxing authorities for all years ended on or after March 31, 2019.

Contributed services

The Foundation pays for most services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Foundation with specific programs, gift solicitations, and various committee assignments. The value of this contributed time and service is not reflected in these statements since it is not susceptible to objective measurement or valuation.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Functional allocation of expenses

The statement of functional expenses presents the nature and function of expenses. Expenses that can be identified with a specific program or supporting function are charged directly to that program or support function. Expenses that are attributed to multiple functions are allocated using a reasonable allocation method that is consistently applied. Salaries and related costs are allocated based on staff functions. Non-personnel costs are allocated based on full-time equivalents for each program and supporting function.

3. LIQUIDITY

Financial assets available for use by the Foundation within one year from March 31, 2022 and 2021 are as follows:

	2022	2021
Financial assets at year end:		
Cash and money market funds	\$ 14,139,067	\$ 7,270,904
Investments	243,856,159	220,635,024
Contributions receivable	2,650,000	-

Agency funds	(23,351,155)	(21,811,516)
Donor restricted funds (temp/perm)	(162,421,267)	(154,481,057)
Board Designated	(1,437,204)	(1,406,158)
Donor/Agency Advised funds	(57,504,451)	(41,305,906)
Financial assets available to meet general		
expenditures within one year	\$ 10,162,411	\$ 5,522,107

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

3. LIQUIDITY: (CONTINUED)

The above table reflects board designated funds as unavailable because it is the Foundation's intention to invest these resources for long-term support of the Foundation. However, in the case of need, the Trustees could make these board designated funds available for general use. The Foundation has no outstanding debt and has no plan to incur any debt.

4. INVESTMENTS AND ASSETS HELD UNDER CHARITABLE TRUSTS INCLUDING ENDOWMENTS:

The Foundation Trustees, as the governing board, are responsible for oversight of the Foundation's investments. Implementation of investment policy, including the selection of investment managers, has been delegated by the Foundation Trustees to its Investment Committee. Investments authorized by the Investment Committee include high quality, readily marketable equity and fixed income securities; other types of investments may be made with the prior approval of the Foundation Trustees.

The Foundation's investment portfolio consists of a number of investment pools in which a large number of individual funds (donor restricted endowment funds and funds functioning as endowment funds) participate in order to benefit from the diversification and economies of scale. The primary investment objective of the long-term investment portfolios is growth of principal sufficient to preserve purchasing power and to provide income to support current and future activities of the Foundation.

The Trustees have authorized a spending policy based on 4.25% of a thirteen-quarter rolling market value of the funds, as discussed in Note 2.

Investments, including assets held under charitable trusts (collectively "Investments"), at March 31 are as follows:

	2022 Fair Value	2021 Fair Value
Mutual funds	\$ 219,081,561	\$ 217,579,589
U.S. Government obligations	3,138,034	-
Municipal and corporate bonds	9,788,875	9,030
Common stocks	8,986,579	1,024,830
Limited partnerships	2,861,110	2,021,574
Total investments and assets held		
under charitable trusts	\$ 243,856,159	\$ 220,635,024

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

4. INVESTMENTS AND ASSETS HELD UNDER CHARITABLE TRUSTS INCLUDING ENDOWMENTS: (CONTINUED)

At March 31, 2022 and 2021, approximately 99% of investments are reported at fair value based on quoted market prices (level 1 investments - see Note 5). The remaining investments are reported at estimated fair value as determined by management based upon various valuation techniques developed by the general partners or investment managers. Because these investments are not readily marketable, their reported values are subject to additional uncertainty, and therefore values realized upon disposition may vary significantly from the currently reported amounts.

Investments are carried at fair value and are based on quoted market prices, except for certain alternative investments such as limited partnership interests, for which quoted market prices are not available (see Note 5).

The limited partnership agreements associated with the limited partnership investments have original termination dates ranging from December 2012 through December 2016 with extensions available at the discretion of the General Partner or consent of a majority of limited partners with transfers approved only by the discretion of these same parties. During the year ending March 31, 2022, Glenmede Real Estate II and Tower Square Capital Partners were redeemed.

5. FAIR VALUE MEASUREMENTS:

A fair value hierarchy that prioritizes the inputs is used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

There were no changes in the valuation techniques during 2022.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

5. FAIR VALUE MEASUREMENTS: (CONTINUED)

Assets measured at fair value on a recurring basis at March 31 were as follows:

	Total 2022	Quoted Prices in Active Markets for Identical Level 1	Significant Other Observable Inputs Level 2	Un	ignificant observable Inputs Level 3
Mutual Funds					
Equity Index Funds	\$ 156,494,633	\$ 156,494,633	\$ -	\$	-

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

5. FAIR VALUE MEASUREMENTS: (CONTINUED)

Mutual funds, common stocks, and U.S. Government obligations

Valued at closing price reported on the active market on which the individual securities are traded.

Municipal and corporate bonds

Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Limited partnerships

Underlying investments are valued at the closing prices reported on the active market on which the individual securities are traded. Included in the portfolios are securities that are not actively or frequently traded, and for which public information can be minimal or not available. When market quotations are not readily available, portfolio securities are valued at their net asset value as determined in good faith under procedures established by and under the general supervision of the trustee or the investment manager.

Level 3 fair value measurements

There were no limited partnership purchases for the years ended March 31, 2022 and 2021. New agreements for liabilities under unitrust agreements were \$0 and \$118,101 for the years ended March 31, 2022 and 2021, respectively. Terminations of agreements for liabilities under unitrust agreements were \$125,102 and \$259,226 for the years ended March 31, 2022 and 2021, respectively.

The following table describes the valuation techniques used for fair value measurements for liabilities in Level 3 of the fair value hierarchy.

	<u>Ouantitati</u>	ve Information about Lev	vel 3 Fair Value Meas	<u>surements</u>
	Fair Value at			Range
	March 31, 2022	Valuation Techniques	Unobservable Inputs	(Weighted Average)
Liabilities under Unitrust		Present value based		
Agreements	\$ 1,364,953	on life expectancies	Present value	4.5% - 9.9%
	<u>Ouantitati</u> Fair Value at	ve Information about Lev	vel 3 Fair Value Meas	<u>surements</u> Range
	March 31, 2021	Valuation Techniques	Unobservable Inputs	(Weighted Average)
Liabilities under Unitrust Agreements	\$ 1,585,465	Present value based on life expectancies	Present value	4.5% - 9.9%

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

6. **NOTES & PLEDGES RECEIVABLE:**

A note receivable of \$271,751 at March 31, 2021, was repaid in full. There are no notes receivable as of March 31, 2022.

There are two contributions receivable as of March 31, 2022 for a total of \$2,650,000 of which \$150,000 is due by fiscal year 2024 and \$2,500,000 is due by fiscal year 2025.

7. LOANS RECEIVABLE:

Loans receivable at March 31 are as follows:

	 2022	_	2021
Loans receivable	\$ 3,189,348	\$	3,233,615
Less: Reserve for uncollectable loans	 (350,828)		(349,230)
	\$ 2,838,520	\$	2,884,385

The loans, primarily advances to students, are unsecured and non-interest bearing with collection periods of up to five years.

8. **PROPERTY AND EQUIPMENT:**

Property and equipment at March 31 are as follows:

	 2022	2021
Computer, equipment and furniture	\$ 196,697	\$ 196,698
Leasehold improvements	 61,632	61,632
	258,329	258,330
Less: Accumulated depreciation	 (131,827)	(93,006)
	\$ 126,502	\$ 165,324

Depreciation expense was \$38,822 and \$29,505 for the years ended March 31, 2021 and 2020, respectively.

9. LEASE COMMITMENT:

The Foundation leases office space under an agreement which expires on March 31, 2027. Rent expense was \$101,540 and \$102,375 for the years ended March 31,2021 and 2020, respectively.

The following is a schedule of future minimum lease payments excluding building and maintenance costs:

Year ending March 31,	
2023	\$ 108,318
2024	108,318
2025	108,318
2026	108,318
2027	 108,318
Total future minimum lease payments	\$ 541,590

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

10. EMPLOYEE BENEFIT PLAN:

The Foundation has a defined contribution 401(k) Profit Sharing Plan. All full time employees completing one year of service are eligible to participate through voluntary tax deferred contributions. The Foundation contributes 7% of each eligible participant's annual gross salary and matches up to 2% of any voluntary contributions. The plan expense was \$109,709 and \$110,323 for the years ended March 31, 2022 and 2021, respectively.

11. RELATED PARTY TRANSACTION:

Certain Trustees are distribution advisors to various funds held by the Foundation. The Foundation also receives contributions from Trustees. Total donations from Trustees were \$299,408 and \$695,649 in 2022 and 2021, respectively.

12. NET ASSETS:

Net assets without donor restrictions include certain amounts that the Trustees have designated as a reserve for operations. Net assets without donor restrictions as of March 31 are comprised of the following:

	_	2022	 2021
Designated by the Trustees for:			
Operating reserves	\$	220,790	\$ 221,379
Quasi-endowment		1,437,204	1,406,158
Undesignated	-	71,129,913	 51,562,627
	\$	72,787,907	\$ 53,190,164

Net assets with donor restrictions as of March 31 are comprised of the following:

	_	2022		2021
Colgan and Sutton Annen loan funds	\$	10,922,214	\$	10,828,101
Gifts restricted to particular purposes		144,982,978		137,436,881
Gifts restricted to time		2,800,000		-
Funds held in perpetuity	-	6,216,075	-	6,216,075
	\$	164,921,267	\$	154,481,057

During the years ended March 31, 2022 and 2021 net assets released from restrictions to support the Foundation's activities, as follows:

	2022		_	2021	
Qualifying grant expenditures	\$	6,766,868	\$	5,906,371	

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

13. CONCENTRATIONS AND CREDIT RISKS:

During 2022, there were four donors who made 72% of total contributions. During 2021, there were two donors who made 34% of total contributions.

The Foundation maintains its cash balances at various banks and other financial institutions. Cash balances at banks are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At various times during the year, the cash balances may exceed the insured amount. At March 31, 2022 and 2021, the Foundation had \$9,136,651 and \$3,892,818 in excess of the FDIC insurance limit, respectively. The Foundation has not experienced any losses on these accounts. The Foundation believes it is not exposed to any significant credit risk on cash and money market accounts

14. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through August 19, 2022, the date which the financial statements were available to be issued

15. CONDITIONAL GRANT:

The Foundation was awarded a conditional grant to implement the ValleyCreates Initiative which promotes better connections among artists and art organizations. At March 31, 2022, the Foundation has \$286,625 remaining for this grant award. Revenue from this grant will be recorded when the conditions are met.

16. COMMITMENTS AND CONTINGENCIES:

In early 2020, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. As a result, events have occurred including mandate from federal, state and local authorities leading to an overall decline in economic activity. As of March 31, 2022, there were no significant impact to the Foundations operations. However, the Foundation is not able to reliably estimate the length or severity of this outbreak. If the length of the outbreak related effects on the Foundations operation continues for an extended period of time, there could be a loss of revenue and other material adverse effects to the Foundations financial position, results of operations and cash flows.
