Nonprofit Lawyer for a Day!

In need of legal advice?

Interested in how to start a nonprofit?

Not sure how to structure your Board? Want to know if you're taking unnecessary risk?

Through the Nonprofit Lawyer for a Day Program, volunteer attorneys provide brief (15 to 20 minutes) out-of-court legal advice on structural issues, such as: liability of its directors, officers, and shareholders; statutory requirements to register the organization name; successfully obtaining a 501(c)(3) tax exemption letter; and assist in the successful creation of the governance structure and credibility of the organization.
