

# Community Resilience Grants

---

*Community Foundation of Western Massachusetts*

## *Instructions*

---

The **Community Resilience Grants** are a one-time \$1,000,000 initiative designed to provide urgent, flexible support to frontline community organizations across Hampden, Hampshire, and Franklin counties.

One-time grants of **up to \$50,000** will be awarded to organizations providing direct services that ensure people can access essential daily needs.

### **What the Funding Supports**

Grants will support organizations addressing critical and urgent needs such as:

- Food access and distribution
- Housing stability and shelter supports
- Utility, fuel, and rental assistance
- Essential supplies and clothing
- Physical and behavioral health supports
- Immigrant support
- Childcare and family stabilization services
- Legal support related to safety and discrimination
- Transportation to essential services
- Other urgent supports that help households function safely

Funding may be used for general operating support necessary to sustain these services, allowing organizations the flexibility to respond to current community conditions.

Organizations do not need basic needs to be their primary mission; however, the funded services must be a significant and ongoing part of their direct service delivery.
